MBA · MCIM · MPH · CHES®

Health Communications · Public Health · Behavioral Science · Strategic Communication
Redford, Michigan | shafaatalichoyon@gmail.com | (734) 219-1480 | [linkedin.com/in/sacgrowthspecialist](https://www.linkedin.com/in/sacgrowthspecialist)

Health communications and public-health professional (MPH, CHES®) with 16+ years pairing behavioral science with marketing rigor — analyzing audiences and metrics, developing and testing messages, running multi-channel health campaigns, and evaluating programs for positive health outcomes across professional and lay audiences. This portfolio presents selected work as Challenge → Insight → Execution → Result.

IMPACT AT A GLANCE

MPH · CHES® public-health credentials	13 published health articles	~3× campaign reach amplification
Commward (Silver) mental-health campaign award	10,000+ WellNest Watch reach	~3,000/day Lifebuoy health-access calls
24% / 34% preventive care / screening growth	10 million public-campaign beneficiaries	#1 globally integrated campaign (Samsung)

SELECTED WORK — AT A GLANCE

Public Health & Health Communication — campus harm-reduction campaign (EMU); MPH capstone (~3× reach); Praava Lifebuoy hotline (~3,000 calls/day); health-literacy diagnostics; winter behavior-change campaign (+190% footfall).

Public Communication at Scale — SureCash 10-million-beneficiary government stipend campaign (IVR + community outreach to a low-literacy audience).

Transferable Marketing-Communications — ACCA professional-audience thought leadership; Samsung Note9 integrated multi-channel campaign (#1 globally).

Full profile, case detail, recommendations and 13 publications follow.

PROFESSIONAL PROFILE

Health communications and public-health professional (MPH in Health Education & Promotion, CHES®) with 16+ years of marketing and brand leadership. I analyze audiences and metrics, develop and test messages, run multi-channel health campaigns, and evaluate programs to promote positive health outcomes for professional and lay audiences. My career pairs behavioral science with commercial discipline — the science of what changes behavior and the rigor of audience insight, message testing and measurable results. I am the author of 13 published health-policy and health-communication articles in national outlets, and I am seeking a Health Communications Specialist role to advance evidence-based, audience-centered communication.

CORE COMPETENCIES

Health Communication & Behavioral Science — Health communication · Behavior-change strategy · Health literacy · Risk & crisis communication · Audience segmentation · Trust & adoption design · CHES®-grounded program planning

Audience Research, Data & Evaluation — Content & metrics analysis · Message development & testing · Formative & summative evaluation · ARPU / CLV / cohorting · Survey & feedback systems · APA-7 reporting

Multi-Channel Campaigns & Health-Media Production — Web · social · print · broadcast · Graphics & TV/RDC production · PR & earned media · Publications · Partnerships & strategic alliances

PUBLISHED HEALTH COMMUNICATION & THOUGHT LEADERSHIP

SIGNATURE CASE STUDIES

Structured as Challenge → Insight → Execution → Result, to show the health-communication reasoning behind each outcome.

Public Health & Health Communication

- ▶ **Campus harm-reduction campaign — audience-segmented, evaluated communication**
 - **Challenge:** Reduce alcohol and cannabis harm among university students — behavior shaped by culture, accessibility and stress, where elimination is unrealistic and stigma backfires.
 - **Insight:** Apply harm-reduction and audience segmentation: meet students with relevant, non-stigmatizing messages on the channels they actually use.
 - **Execution:** Designed a year-long, multi-channel communication plan (social media, on-campus digital boards, residence-hall print, event touchpoints), grounded in behavioral-science and program-planning frameworks, with a defined evaluation plan (reach and engagement metrics).
 - **Result:** A reusable, audience-segmented harm-reduction model with built-in evaluation; informed the WellNest Watch health column and a Public Health Event Framework for Eta Sigma Gamma.

multi-channel campaign

Audience-segmented

messaging

Built-in

evaluation framework

► MPH Capstone — a multi-platform public-health advocacy campaign

- **Challenge:** Advance public understanding of health-system resilience and economic protection across diverse audiences and platforms.
- **Execution:** Designed and executed a multi-article, multi-platform advocacy campaign (The Daily Star, Eastern Echo, WellNest Watch); built a rigorous analytics framework — locked methodology, dual-measure engagement reporting, APA-7 benchmark citations.
- **Result:** Documented a replicable ~3× reach amplification through strategic stakeholder tagging — content and metrics analysis applied to sharpen reach; co-established a sustainable campus health-communication channel.

~3×	Multi-platform	Locked
reach amplification	Daily Star · Eastern Echo	analytics methodology

► Praava Health — population-scale access via the Lifebuoy partnership

- **Challenge:** Extend quality primary care nationwide, affordably, to people who rarely see a doctor.
- **Insight:** Embed the access point inside a product people already buy daily, then build a closed clinical loop behind it.
- **Execution:** Printed a health hotline on Lifebuoy soap nationwide; doctors handled ~3,000 calls/day with basic prescriptions, referred complex cases to government facilities, and routed lab needs to local sample booths; amplified via satellite-TV commercials; mapped district-wise illness patterns and shared the summary with the Director General of Health Services (DGHS).
- **Result:** Population-scale teleconsultation reach, strong earned-media PR, and a public-health data contribution to government planning.

~3,000	Nationwide	DGHS
calls / day	health hotline on soap	district data shared

► Praava Health — health literacy & ethical, affordable diagnostics

- **Challenge:** Customary 40–50% physician kickbacks inflate test costs for an uninsured population, and patients lack guidance on what tests they actually need.
- **Insight:** Health literacy plus proactive patient education removes the cost driver and empowers the patient — without conflicting with doctors.
- **Execution:** Co-designed organ-targeted diagnostic packages with the medical team (e.g., kidney panels) and ran symptom-education campaigns guiding patients to the right tests at slashed prices with a free consultation bundled.
- **Result:** Affordable, education-driven self-screening that avoided kickbacks and grew lab margin from ~30% to ~50%; later copied by competitors.

Symptom-education	30→50%	Copied
campaigns	lab margin (no kickback)	by competitors

► Praava Health — a multi-channel behavior-change campaign

- **Challenge:** Reposition the brand from 'COVID testing center' to 'quality healthcare,' and convert awareness into first clinic visits.
- **Insight:** 64% of patient lifetime value is captured in the first three visits — so the campaign had to acquire first visits, not just impressions.
- **Execution:** Ran a low-ticket Resident Physician video consult (Tk 275, down from Tk 1,000), citywide door-to-door and home sample collection, and Free Consultation Days, across ATL, BTL, digital and PR.
- **Result:** About +190% clinic footfall on Free Consultation Days and a measurable top-of-funnel lift.

+190%	64%	ATL/BTL/digital/PR
clinic footfall	value in first 3 visits	integrated

Public Communication at Scale

► SureCash — communicating a government stipend to 10 million beneficiaries

- **Challenge:** Reach ~10 million rural, low-literacy beneficiaries of the country's largest government-to-person (G2P) stipend, on a multi-bank platform that made branding harder.
- **Insight:** At this scale, adoption is an access-and-trust problem — meet people exactly where information gaps and friction occur.
- **Execution:** Mapped retailer cash-out points against beneficiary residence data to place materials; ran automated voice-call (IVR) messages explaining how to receive and cash out; used rural mosque activations for trusted local reach; merged the digital and call-center teams for real-time response.
- **Result:** Frictionless disbursement to ~10 million; became the fastest-responding mobile-financial-services brand on social media; won the Banking Fair Award of Excellence.

Transferable Marketing-Communications & Campaign Work

► ACCA — professional-audience thought leadership

- **Challenge:** Build institutional stature and recognition among finance professionals and government.
- **Execution:** Planned the 'Business Partner of the Future' roundtable (PwC, The Daily Star) with a panel of finance-C-suite leaders; ran a ~400-person ceremony (Comptroller & Auditor General as chief guest); designed the 'ACCA Next Leader' talk show with Channel i.
- **Result:** Full-scale national media and positioning among the finance establishment — communication directed at professional and lay audiences.

media coverage

Roundtables + TV

Channel i

► Samsung — an integrated multi-channel product campaign (Note9)

- **Challenge:** Launch a niche flagship in a value-driven market with a retail-only channel and no online presence.
- **Execution:** Orchestrated an integrated multi-channel preorder campaign — partner cashback, financing, telco co-marketing, a first e-commerce partner, and sequential digital remarketing of campaign drop-offs.
- **Result:** ~1,858 preorder units (1.54× YoY), recognized No. 1 globally — message and channel orchestration at scale.

PROFESSIONAL EXPERIENCE

Graduate Assistant, Health Promotion — Eastern Michigan University, Office of Health Promotion

Ypsilanti, MI · Aug 2024 – Jul 2025

- Developed and executed campus-wide health-promotion programs with Public Health Education faculty, grounded in behavioral science and evidence-based program-planning frameworks; designed a multi-channel harm-reduction campaign with a defined evaluation plan; co-created the WellNest Watch column (10,000+ reach).

Public Health Campaign Lead (MPH Capstone) — Eastern Michigan University

Ypsilanti, MI · Feb 2026 – Apr 2026

- Executed a multi-article, multi-platform public-health advocacy campaign; built a locked analytics methodology with APA-7 benchmarks and documented a replicable ~3× reach amplification.

Graduate Hall Director — EMU Housing & Residence Life

Ypsilanti, MI · Aug 2024 – May 2026

- Supervised 9 Resident Advisors / 230 residents; with 44% of the team new, designed audience-segmentation communication training that drove 541 engagements and the 2nd-highest campus connection rate (39.1%); led crisis-response coordination; nominated for the Student Gold Medallion Award for Exemplary Leadership.

Head of Marketing & Corporate Sales — Praava Health (Integrated Healthcare Provider)

Dhaka, Bangladesh · Jun 2021 – Oct 2023

- Led health communication and preventive-care campaigns; grew B2C primary/preventive care 24% YoY and diagnostics utilization 34% YoY; won a national communications award (Commward, Silver) for a mental-health campaign; engineered population-scale access (Lifebuoy hotline, ~3,000 calls/day; DGHS data-sharing); built and led a 30-person commercial organization.

Chief Operating Officer — Laser Treat Group (Clinical Dermatology & Wellness)

Dhaka, Bangladesh · Nov 2023 – Aug 2024

- Introduced CSAT/NPS patient-experience measurement (+13% retention) and digitized clinical workflows and dashboards.

Senior Manager, Employer & Member Affairs — ACCA

Dhaka, Bangladesh · Jan 2019 – May 2021

- Designed a KPI-linked stakeholder-engagement program; ran national thought-leadership events and publications (round tables, professional-insight content) with PwC and The Daily Star for professional and lay audiences.

Marketing & Communications roles — Samsung, SureCash, Ekhanei.com, Asiatic/JWT, MGH, Grey/WPP, Grameenphone

Dhaka, Bangladesh · 2009 – 2018

- 12+ years developing audience insight, message strategy and integrated multi-channel campaigns across ATL, BTL, digital, social and broadcast — including the SureCash 10-million-beneficiary government stipend public campaign (IVR + rural outreach) — and end-to-end health-media production (graphics, TV/broadcast, publications, web/social, PR) plus partnerships.

SELECTED RECOMMENDATIONS (LINKEDIN)

“Shafaat is a talented leader, creative thinker and team builder. He took over the Praava brand at an important inflection point and delivered significant growth and executed on a complex strategy in very difficult operating circumstances during a pandemic. I trust Shafaat and would work with him again any minute.”

— Kat Wendelstadt — Founder & CMO; Shafaat's line manager at Praava, 2022

“In his professional capacity as a marketer, Shafaat has consistently demonstrated creativity and innovation. His unique ideas for campaigns have significantly enhanced our brand identity and image. He has shown remarkable resilience in high-pressure situations.”

— Mohammad Abdul Matin Emon — CEO, Praava Health (managed Shafaat directly), 2023

“Md Shafaat is someone you will go to for a solution to your problems, and as an expert strategic planner he knows how to solve them intelligently in a planned way. I have observed him plan and implement big-scale local and foreign events.”

— A K M Shafiqur Rahman — Payments Product, BNY (worked with Shafaat at MGH), 2014

EDUCATION, CREDENTIALS & AFFILIATIONS

Master of Public Health (MPH), Health Education & Promotion — Eastern Michigan University — May 2026

Certified Health Education Specialist (CHES®) — NCHCEC — Apr 2026

MBA, Operations Management · BBA, Marketing — American International University–Bangladesh

Member: Society for Public Health Education (SOPHE); American Public Health Association (APHA); American Marketing Association (AMA); Chartered Institute of Marketing (MCIM).
