MBA · MCIM · MPH · CHES®

Population Health · Health Promotion & Prevention · Program Design & Evaluation · Health Equity
Redford, Michigan | shafaatalichoyon@gmail.com | (734) 219-1480 | [linkedin.com/in/sacgrowthspecialist](https://www.linkedin.com/in/sacgrowthspecialist)

Population-health and health-promotion professional (MPH, CHES®) with a decade-plus of commercial leadership across healthcare. I design and evaluate evidence-based programs, expand access and health literacy for underserved populations, and partner across government, community and corporate sectors to improve health at scale. This portfolio presents selected work as Challenge → Insight → Execution → Result.

IMPACT AT A GLANCE

~2% / ~8% nation / Dhaka served (pandemic)	10 million underserved reached	24% / 34% preventive care / screening growth
~3× campaign reach amplification	Commward (Silver) mental-health campaign	~3,000/day primary-care access calls
DGHS surveillance-data contribution	10,000+ health-campaign reach	MPH · CHES® public-health credentials

SELECTED WORK — AT A GLANCE

Health Promotion & Program Design — campus harm-reduction campaign (EMU); MPH capstone advocacy (~3× reach); community engagement & connection (EMU Housing).

Access, Prevention & Equity — Praava preventive-care growth (24% / 34%); Lifebuoy population access (~3,000 calls/day + DGHS data); health-literacy diagnostics.

Population-Scale Response & Reach — Praava pandemic response (~2% of nation served); SureCash reaching 10 million underserved beneficiaries.

Full profile, case detail, recommendations and 13 publications follow.

PROFESSIONAL PROFILE

Population-health and health-promotion professional (MPH in Health Education & Promotion, CHES®) with a decade-plus of commercial leadership across healthcare. I design and evaluate evidence-based programs, expand access and health literacy for underserved populations, and partner across government, community and corporate sectors to improve health at scale. At Praava Health I grew preventive and primary care 24% YoY and engineered population-scale access (~2% of the nation served during the pandemic); at SureCash I helped reach 10 million underserved beneficiaries. I pair behavioral science with operational execution to move outcomes at population scale, and I have authored 13 published health-policy articles.

CORE COMPETENCIES

Program Design & Evaluation — Evidence-based program planning · Behavior-change & prevention strategy · Formative & summative evaluation · CHES®-grounded frameworks · Analytics & surveillance-style data

Access, Equity & Health Literacy — Health access & equity · Health literacy · Reaching underserved & low-literacy populations · Social determinants · Risk & crisis communication

Partnerships & Population-Scale Delivery — Government & community partnerships · Multi-sector alliances · Population-scale operations · Stakeholder & community engagement

SIGNATURE CASE STUDIES

Structured as Challenge → Insight → Execution → Result.

Health Promotion & Program Design

► **Campus harm-reduction campaign — prevention, designed and evaluated**

- **Challenge:** Reduce alcohol and cannabis harm among students — behavior shaped by culture, stress and access, where elimination is unrealistic.
- **Insight:** Apply harm-reduction and audience segmentation with non-stigmatizing, channel-appropriate messages.
- **Execution:** Designed a year-long, multi-channel communication plan grounded in behavioral-science and program-planning frameworks, with a defined evaluation plan.
- **Result:** A reusable, evaluated harm-reduction model; a Public Health Event Framework for Eta Sigma Gamma and the WellNest Watch column.

Year-long

multi-channel campaign

Audience-segmented

prevention messaging

Built-in

evaluation

► **MPH Capstone — population-level health-system advocacy**

- **Challenge:** Advance public understanding of health-system resilience and economic protection across audiences and platforms.
- **Execution:** Executed a multi-article, multi-platform advocacy campaign; built a rigorous analytics framework (locked methodology, APA-7 benchmarks).
- **Result:** Documented a replicable ~3× reach amplification and co-established a sustainable campus health-communication channel.

~3×

reach amplification

Multi-platform

advocacy campaign

Locked

analytics methodology

► **Community engagement & connection (EMU Housing)**

- **Challenge:** Strengthen connection and wellbeing across a 230-resident community with a 44%-new staff team.
- **Execution:** Designed an audience-segmentation engagement-training model and weekly data-informed reporting; coordinated crisis response with campus safety partners.
- **Result:** 541 documented engagement interactions and the 2nd-highest campus connection rate (39.1%); nominated for the Student Gold Medallion Award.

~3,000/day

access calls

Nationwide

primary-care access

DGHS

surveillance data

Access, Prevention & Equity

► Praava Health — prevention & screening growth at scale

- **Challenge:** Accelerate non-COVID preventive and primary care across a population that under-uses screening.
- **Execution:** Launched preventive service lines, redesigned diagnostic packages and introduced an accessible DIY health-testing category with patient education.
- **Result:** 24% YoY growth in B2C preventive/primary care and +34% screening utilization.

+24% YoY

preventive/primary care

+34%

screening utilization

Prevention

at scale

► Praava Health — population-scale access & surveillance data (Lifebuoy)

- **Challenge:** Extend primary care nationwide, affordably, to people who rarely see a doctor.
- **Execution:** Embedded a health hotline in a daily product (Lifebuoy soap); ~3,000 calls/day with triage, referral and local sample collection; mapped district-wise illness patterns and shared the summary with the Director General of Health Services (DGHS).
- **Result:** Population-scale access and a public-health surveillance-data contribution to government planning.

Symptom-education

health literacy

Affordable

equity-focused

Copied

by sector

► Praava Health — health literacy & equitable diagnostics

- **Challenge:** Customary 40–50% physician kickbacks inflate test costs for an uninsured population that lacks guidance on needed tests.
- **Insight:** Health literacy and proactive education remove the cost driver and empower patients.
- **Execution:** Co-designed organ-targeted packages with doctors and ran symptom-education campaigns at slashed prices with free consultation.
- **Result:** Affordable, education-driven self-screening adopted at scale and copied across the sector.

~2% / ~8%

nation / Dhaka served

Door-to-door

pandemic response

24-hr

reporting

Population-Scale Response & Reach

► Praava Health — population-scale pandemic response

- **Challenge:** Maintain testing and care for a population that could not travel during lockdowns.
- **Execution:** Built a nationwide door-to-door sample-collection operation (24-hour reporting + video consult) and a first-in-country traveler-testing protocol synced to the government portal.
- **Result:** Served ~2% of the national and ~8% of Dhaka's population during the pandemic peak.

10 million

underserved reached

Rural · low-literacy

equity focus

IVR + community

outreach

► SureCash — reaching 10 million underserved beneficiaries

- **Challenge:** Communicate and deliver a government-to-person (G2P) stipend to ~10 million rural, low-literacy beneficiaries — an equity and access challenge.
- **Insight:** Adoption is an access-and-trust problem — meet people where information gaps and friction occur.
- **Execution:** Mapped cash-out points to residence data; ran automated voice-call (IVR) onboarding; used rural mosque activations for trusted, community-based reach.
- **Result:** Frictionless reach to ~10 million underserved beneficiaries; the fastest-responding MFS brand on social; Banking Fair Award of Excellence.

PROFESSIONAL EXPERIENCE

Graduate Assistant, Health Promotion — Eastern Michigan University, Office of Health Promotion

Ypsilanti, MI · Aug 2024 – Jul 2025

- Designed and evaluated evidence-based health-promotion programs (incl. a multi-channel harm-reduction campaign) with Public Health Education faculty; co-created the WellNest Watch column (10,000+ reach).

Public Health Campaign Lead (MPH Capstone) — Eastern Michigan University

Ypsilanti, MI · Feb 2026 – Apr 2026

- Executed a multi-platform health-advocacy campaign with a locked analytics methodology; documented a replicable ~3× reach amplification.

Graduate Hall Director — EMU Housing & Residence Life

Ypsilanti, MI · Aug 2024 – May 2026

- Led community engagement and crisis response for 230 residents; drove 541 engagement interactions and the 2nd-highest connection rate (39.1%); nominated for the Student Gold Medallion Award.

Head of Marketing & Corporate Sales — Praava Health (Integrated Healthcare Provider)

Dhaka, Bangladesh · Jun 2021 – Oct 2023

- Grew preventive/primary care 24% YoY and screening 34% YoY; engineered population-scale access (Lifebuoy, ~3,000 calls/day; DGHS data-sharing; ~2% of the nation served during the pandemic); won a national mental-health communications award (Commward, Silver).

Marketing Manager — SureCash (Mobile Financial Services)

Dhaka, Bangladesh · Jun 2015 – Oct 2016

- Helped reach 10 million underserved beneficiaries of a government stipend program via residence-mapped placement, IVR onboarding and rural community activations.

Earlier commercial leadership — Samsung, Ekhanei, Asiatic, MGH, Grey, Grameenphone

Dhaka, Bangladesh · 2009 – 2018

- 16+ years of marketing, brand and campaign leadership across healthcare and consumer sectors — audience insight, multi-channel campaigns and partnerships transferable to population-scale health programs.

SELECTED RECOMMENDATIONS (LINKEDIN)

“Shafaat took over the Praava brand at an important inflection point and delivered significant growth, executing on a complex strategy in very difficult operating circumstances during a pandemic. I trust Shafaat and would work with him again any minute.”

— Kat Wendelstadt — Founder & CMO (Shafaat's line manager at Praava), 2022

“Shafaat has consistently demonstrated creativity and innovation; his unique ideas have significantly enhanced our brand and impact, and he has shown remarkable resilience in high-pressure situations.”

— Mohammad Abdul Matin Emon — CEO, Praava Health (managed Shafaat directly), 2023

“Md Shafaat is someone you will go to for a solution to your problems, and as an expert strategic planner he knows how to solve them intelligently in a planned way — observed planning and implementing big-scale events.”

— A K M Shafiqur Rahman — Payments Product, BNY (worked with Shafaat at MGH), 2014
